ELEMENTS OF COSTUME DESIGN *HYPERDOC
By ANNA PORTER

In this unit, students will explore and collaboratively take on the role of costume designers. Students will explore the elements of design, director’s concept, and the considerations for costume design. They will then apply this knowledge in a culminating project.

This unit has been designed to integrate technology into the curriculum. Students will utilize technology throughout via HyperDocs, internet research, and Google tools such as Google Drive, Google Forms, Google Slides, and Google Docs. A digital Learning Tools Introduction resource is provided for additional help in using the different tools and applications.

1 - Introduction
Students will be introduced to and demonstrate their understanding of the elements of design by collaboratively completing a class HyperDoc and going on an Emotion Scavenger Hunt to create a digital collage.

2 - Considerations for Costume Design/Director’s Concept
Students will explore the considerations for costume design and what can be communicated through clothing. Students will create a “rocker” costume for a character as a means of introducing students to director’s concept and how it can shape a design.

3 - Director’s Concept Review
Students will review director’s concept and be introduced to the steps of design. Students will create a director’s concept for the costume design and costume team portfolio project and select an artifact to help support their idea.

4 - Director’s Concept/Character Analysis
Students will present and refine their director’s concept by presenting it to another costume team in class in the form of an “elevator pitch.” Students will explore characterization and what they need to consider when designing a costume for a production.

5 - Research/Digital Citizenship
Students will review the role and process of research in design as well as how to do that in a digitally responsible way by looking at the difference between research for inspiration and perspiration.

6 - How to Draw a Figure/Work Time
Students will be given resources to help them draw their costume designs in proportionally appropriate ways. Students will also understand how to utilize the work they have done up to this point with the physical creation of their costume designs.

7 - Costume Team Meeting/Work Time
Students will explore effective collaboration, complete their costume designs, and participate in a costume team meeting in preparation for their final portfolio.

8 - Google Site: Elements of Costume Design and Team Portfolio
Students will work collaboratively to create a Google Site final portfolio to showcase the work they have done as a costume team. Students will also begin to prepare their costume team pitch presentation.

9 - Costume Team Pitch Preparation - Review
Students will create and refine their costume team pitch and portfolio by preparing a presentation and receiving peer feedback.

10 - Pitch Presentations
Students will demonstrate their understanding of design and collaborating on a costume team by presenting their costume design and costume team pitch presentations. Students will participating in survey activities to reflect on the design and collaborative process.

TH.912.H.3.2 - Compare the applications of various art forms used in theatre production.

Skills, Techniques & Processes
TH.912.S.1.8 - Use research to extract clues in dramatic texts to create performances or technical elements, choosing those that are most interesting and that best convey dramatic intent.

TH.912.S.2.1 - Create one or more technical design documents for a theatrical production.

Georgia Performance Standards - Theatre Arts

Grade 8 - Creating
T8.CR.1 - Organize, design, and refine theatrical work., a. Differentiate the physical, emotional, vocal, and social dimensions of a variety of characters., b. Compare the relationships and interactions between characters by analyzing character motivation (objectives, obstacles, strategy, action, stakes, outcome), c. Incorporate dramatic elements through improvisation., d. Connect theatre vocabulary to the application of theatre performance., e. Identify and demonstrate both ensemble and leadership skills in the rehearsal process., f. Evaluate the effectiveness of artistic and technical elements used in a theatre production., g. Design and create scenery, props, costumes, lighting, and sound., h. Assume different roles and responsibilities in the rehearsal process.

Grades 9-12 - TECHNICAL THEATRE LEVELS I-IV - Creating
TAHSTT.CR.1 - Create technical elements of theatre (e.g. sets, props, costumes, makeup, lighting, sound), a. Explore and utilize the elements of design and principles of composition for a theatrical context., b. Create basic to advanced technical elements by choosing appropriate materials, tools, and techniques., c. Analyze and/or develop choices in technical elements (e.g. sets, lights, costumes, sound) of informal and formal productions and theatrical texts as a part of the design process, considering mood, tone, and symbolism., d. Create industry standard paperwork (e.g. budgets, cut lists, materials, cue sheets, lighting and costume plots, schedules, calendars) as it relates to completing design renderings and/or models., e. Conceptualize and/or generate design elements for a dramatic work (e.g. scene, one act, full-length, musical).

Grades 9-12 - TECHNICAL THEATRE LEVELS I-IV - Producing
TAHSTT.PR.1 - Produce technical elements in theatre., a. Identify, explain, and demonstrate standard safety guidelines and operating procedures for tools and equipment used in formal and informal theatre productions., b. Identify and interpret design and construction documentation, materials, techniques, and procedures for production., c. Differentiate between stock and non-standard material, scenic, or technical elements related to a production., d. Conduct initial research about design to inform further development of the production concept., e. Explore and/or produce an appropriate series of design documentation for a theatrical production (e.g. thumbnail sketches, swatches, first renderings, mixed media presentation).

Grades 9-12 - TECHNICAL THEATRE LEVELS I-IV - Responding
TAHSTT.RE.1 - Respond to technical elements of theatre using appropriate supporting evidence., a. Revise projects, plans, and/or procedures after peer criticism to improve development of technical elements., b. Identify and analyze the characteristics of different types of performance spaces and how they can influence production decisions (e.g. prosenium stage, studio/black box, thrust stage, classroom, arena, found space), c. Evaluate design choices of professional designers., d. Evaluate design and technical elements in a post mortem following the completion of a theatre production.

Grades 9-12 - TECHNICAL THEATRE LEVELS I-IV - Connecting
TAHSTT-CN.1 - Connect technical elements of theatre., a. Explore and understand the collaborations between designers and directors to develop design elements., b. Investigate the history of theatre architecture, stage technology, and other technical elements., c. Understand technical theatre career options and various industry unions (e.g. International Alliance of Theatrical Stage Employees, Actor’s Equity, United Scenic Artists, Stage Directors and Choreographers Society, League of Resident Theatres), d. Explore connections with other disciplines associated with technical theatre (e.g. scientific principles behind technical theatrical practices, physics of electricity and sound, basic structural engineering, load ratings, working load limits), e. Connect design themes with historical and social relevance using dramaturgical research and an understanding of historical and cultural artistic movements (e.g. expressionism, realism, Kabuki, Sanskrit Drama).
North Carolina Essential Standards

Beginning High School Standards - Aesthetics
B.AE.1.1 - Understand the major technical elements, such as sound, lights, set, and costumes, and their interrelationships.
B.AE.1.2 - Explain how the major technical elements, such as sound, lights, set, and costumes, are used to enhance formal or informal productions.

Intermediate High School Standards - Aesthetics
I.AE.1.1 - Use technical knowledge and design skills to formulate designs.
I.AE.1.2 - Use the major technical elements, such as sound, lights, set, and costumes, for formal or informal audiences.

Proficient High School Standards - Aesthetics
P.AE.1.1 - Analyze design concepts for aesthetic impact of technical elements.
P.AE.1.2 - Apply working knowledge to solve problems in the major technical elements, such as sound, lights, set, and costumes, for formal or informal audiences.

Technical Theatre/Design 10-20-30 - Costume
1. demonstrate understanding of the purpose of costume
2. recognize the importance of illusion in costume design
3. recognize the importance of artistic unity in costume design
4. demonstrate knowledge of appropriate safety procedures
5. demonstrate understanding of symbolism and psychological implications of colour, texture, line and shape
6. demonstrate understanding of the value of the sketch as a tool in creating and communicating ideas in costume design
8. prepare rough costume plot based on a script

Technical Theatre - Levels I, II, III - Awareness
1. recognize the basic terminology associated with the component being studied
2. demonstrate understanding of the basic functions of the component being studied.
3. show awareness of the importance of research
4. show awareness of available resources pertaining to the component being studied; e.g., supplies, libraries and theatre companies
5. demonstrate understanding of the various conventions of the components being studied

Technical Theatre - Levels I, II, III - Readiness
10. demonstrate understanding of and use appropriate methods and tools for designing the project; e.g., makeup charts, cue sheets, working drawing
11. arrange and sequence time, ideas, information, materials and/or personnel for achievement of the project
6. demonstrate understanding of the importance of planning and organization
7. select a project appropriate to the component being studied
8. demonstrate understanding of the use of colour, shape and texture to achieve a desired effect
9. use sketching to explore ideas for the project

Technical Theatre - Application
14. use appropriate tools and skills to assemble or construct the planned project

Orientation Drama 10
demonstrate effective use and management of time
make effective decisions or choices
positively support the work of others
solve problems imaginatively and creatively
work with abstract concepts

GRADE 6 - ARTS - Exploring and creating
Create artistic works collaboratively and as an individual using ideas inspired by imagination, inquiry, experimentation, and purposeful play
Intentionally select and apply materials, movements, technologies, environments, tools, and techniques by combining and arranging artistic elements, processes, and principles in art making

GRADE 6 - ARTS - Reasoning and reflecting
Develop and refine ideas, processes, and technical skills in a variety of art forms to improve the quality of artistic creations
Research, describe, interpret and evaluate how artists
(dancers, actors, musicians, and visual artists) use processes, materials, movements, technologies, tools, techniques, and environments in the arts

GRADE 6 - ARTS - Communicating and documenting
Describe, interpret and respond to works of art and explore artists' intent

GRADE 7 - ARTS - Exploring and creating
Intentionally select and apply materials, movements, technologies, environments, tools, and techniques by combining and arranging artistic elements, processes, and principles in art making

GRADE 7 - ARTS - Reasoning and reflecting
Develop and refine ideas, processes, and technical skills in a variety of art forms to improve the quality of artistic creations
Interpret works of art using knowledge and skills from various areas of learning
Reflect on works of art and creative processes to understand artists' intentions
Research, describe, interpret and evaluate how artists (dancers, actors, musicians, and visual artists) use processes, materials, movements, technologies, tools, techniques, and environments in the arts

GRADE 8 - ARTS - Exploring and creating
Create artistic works collaboratively and as an individual using ideas inspired by imagination, inquiry, experimentation, and purposeful play
Demonstrate an understanding and appreciation of personal, social, cultural, historical, and environmental contexts in relation to the arts
Intentionally select and apply materials, movements, technologies, environments, tools, and techniques by combining and arranging artistic elements, processes, and principles in art making

GRADE 8 - ARTS - Reasoning and reflecting
Describe, interpret and evaluate how artists (dancers, actors, musicians, and visual artists) use processes, materials, movements, technologies, tools, techniques, and environments to create and communicate ideas
Develop, refine ideas, and critically appraise ideas, processes, and technical skills in a variety of art forms to improve the quality of artistic creations
Reflect on works of art and creative processes to understand artists' motivations and meanings

GRADE 8 - ARTS - Communicating and documenting
Interpret and communicate ideas using symbols and elements to express meaning through the arts

GRADE 10 - DRAMA - Communicate and document
Compose, interpret, and expand ideas using symbolism and imagery

GRADE 10 - DRAMA - Connect and expand
Demonstrate respect for self, others, and the audience

GRADE 11 - DRAMA - Explore and Create
Experiment with a range of materials, props, processes, and technologies to create and refine performances

GRADE 11 - DRAMA - Reason and reflect
Describe, analyze, and respond to ways in which props, technologies, and environments are used in drama, using discipline-specific language
Receive and apply constructive feedback to develop and refine ideas
Reflect on aesthetic experiences and how they relate to a specific place, time, and context

GRADE 11 - DRAMA - Connect and expand
Demonstrate awareness of self, others, and audience

GRADE 12 - DRAMA - Explore and Create
Experiment with a range of props, processes, and technologies to create and refine innovative dramatic works

GRADE 12 - DRAMA - Reason and reflect
Describe, analyze, and evaluate ways in which props, technologies, and environments are used in drama, using discipline-specific language

Ontario, Canada
Grades 9 & 10 - Foundations - Concepts and Terminology
C.1.3 - demonstrate an understanding of production roles, practices, and terminology when planning and presenting drama works (e.g., set design, costume design, lighting plot, light cue sheet, sound cue sheet, prompt book, set sketch, set model)
